

# Medical Schools Outcomes Database & Longitudinal Tracking Project

## Data Collectors Workshop May 12

### Agenda

#### 8.00

Registration

#### 8.30—8.45

Welcome and introductions

#### 8.45—9.00

Overview and aims of the day, resources and information available for the day and identification of key issues from the group.

#### 9.00—10.30

Large and small group sessions on:

Sourcing the Data

“How do we manage the privacy issues in relation to collecting data, especially in regard to the Rural Clubs and RAMUS and John Flynn Scholarships? What are the reasons for under-reporting information on placements and electives?”

#### 10.30—10.45 Tea and Coffee Break

#### 10.45—12.30

Large and small group sessions on:

Reporting & Validating the Data

“How are the templates working, what further information or instructions do people need and do the templates need to be revised? Are schools over reporting or under-reporting information on placements and electives?”

#### 12.30—1.30 Lunch

#### 1.30—3.00

Automation & Innovation

“How to manage the complexity and volume of data—how can the process be automated to make it easier?”

#### 3.00—3.15 Tea and Coffee Break

#### 3.15—4.00

Wrap up, action items and summary of the day.

#### 4.00 Finish
